Neville is an eight-month-old kitten who feels most comfortable up high where he can observe his surrounding. He, like all cats, enjoys scratching.

Smokey is a 13-year-old dog who has some aches and pains. His medicine helps, but a comfortable resting spot is needed, as he spends a lot of time laying down. He also struggles to run and jump.

Alice is a three-year-old rabbit who enjoys interacting with people, but also needs a hiding spot, to feel safe.

Alice has been known to spill her water dish over at times, so a material that is easy to clean is important to consider.

Solange is a two-year-old goldfish who enjoys being around other goldfish. She can get bored easily so having a big area to swim and items to keep her engaged is important. She can get startled easily, so having someplace to hide is important.

Kamik is a three-year-old husky who loves to be outside, even in the winter! He loves to play and lay in the snow, but also needs access to shelter to escape the elements. There needs to be something for Kamik to lay on in the shelter that can dry quickly and be easily cleaned.
