

# Sticker Activity

Name: \_\_\_\_\_

Date: \_\_\_\_\_

**Instructions:** For each number, determine which animal from the sticker sheet the two clues are referring to. Add that sticker to matching numbered circle. Then write which of the Five Needs each clue is referring to in the right hand column.

These Five Needs impact how animals feel! People are responsible for meeting these needs.

Five Needs nutrition   environment   behaviour   health   positive interactions

	Clue	Need
<b>1</b>	It is very important to give me time to sniff when taking me on a walk.	
	I don't usually like hugs, give me a scratch instead!	
<b>2</b>	I am a very social animal and feel safest when I'm with my flock.	
	Even though I live outside, it is important that I have access to a shelter.	
<b>3</b>	When I am scared I will arch my back and put my ears down.	
	Milk can make me feel sick! Water is the best drink for me.	

<b>4</b>	Just like a horse, I need my hooves trimmed regularly.	
	Because I'm territorial and bond with other species like sheep, I can be used to protect farm animals from predators.	
<b>5</b>	I enjoy fruit as part of my diet, just not avocados—those are toxic to me.	
	It may surprise you, but I need to regularly visit a veterinarian to stay healthy.	
<b>6</b>	To feel comfortable, I like to lie on cushioned areas like a pile of straw.	
	I feel much more relaxed when people are kind and gentle to me.
